The fire departments tank truck was used effectively this Thursday noon in extinguishing a blaze on Elm Street. Fire starting around a chimney was in the walls of the apartments of Howard Gunther and Edward Mason in the J. B. Chapman building when discovered.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The last session of the Legislature passed on act entitled "An Act to Create the Bethel Utilities District." This act is effective only if approved by the voters at the next annual town meeting. Ballots are being prepared by the Town Clerk to be available to the voters during the balloting for town officers. The act shall take effect upon its acceptance by a majority of the legal voters voting at the meeting; but only if the total number of votes cast for and against acceptance equals or exceeds 10% of the total vote cast in town for both candidates for Governor at the Nov. 1960 election which was 1,175. Therefore a minimum of 118 votes for and against will be required for decisive action.

The first purpose of the district would be to take over and operate the West Bethel Water System, the second would be that the entire sewerage system would be taken over and maintained by the district. The town would no longer appropriate money to construct new sewers or to make repairs to existing sewers. Revenue would come from owners of residences, commercial and industrial property connected to the system, in the form of an annual assessment charge. In case of expansion or large repairs the district is empowered to hire the necessary funds to carry out the work, loans to be repaid out of revenue received from those connected to the sewer system. It is impossible at this time to determine the method or the amount of the annual sewerage assessment. The rates would be established by the trustees of the district. More on this subject next week.

Sincerely,
Harold L. Bean

BADC Plans Fourth Annual Meeting

The Fourth Annual Meeting of the Bethel Area Development Corporation will be held at the West Parish Congregational Church in Bethel on Tuesday, Feb. 13, according to an announcement made by Addison C. Saunders, President of the local development group. The program will start with a dinner at 6:30 p. m. to be served by the ladies of the church under the chairmanship of Mrs. Richard S. Waldron.

In addition to the annual reports of the officers, those present will have the opportunity of hearing a discussion of a new State Park in the Grafton Notch area by Lawrence Stuart, Director of State Parks for the State of Maine.

It is expected that Mr. Stuart will also show some colored slide pictures of other park developments throughout the Pine Tree State.

At the brief business session, the members will elect five directors to fill vacancies that occur this year. Serving on the Nominating Committee will be Kimball Ames, chairman, Stanley E. Davis, and Arthur F. Lincoln.

Both the dinner and the meeting are open to anyone interested in the development of the Bethel Area. Reservations should be made before Feb. 8 with the Secretary, Guy P. Butler, at the Bethel Inn.

MISS OXFORD COUNTY, '62 SOUGHT

Guy Parker, Jr., general chairman of the Miss Oxford County Scholarship Pageant, has requested that anyone knowing of a possible contestant for the title of Miss Oxford County, 1962, get in touch with him or Ted Chadbourne, entries committee chairman, immediately. Entries will be close on Feb. 28, 1962.

To be eligible for the Miss Oxford County Scholarship Pageant, a contestant must be between the ages of 18 and 28 on September 1 of this year. She must be a high school graduate and must never have been married.

She must possess talent, either trained or potential, which may include playing a musical instrument, dramatics, dress designing, singing, or any of the fine arts. If she wishes to pursue a professional career such as nursing, she may present a three minute talk on her reasons for selecting such a career or on her training to date and her aims in that profession.

She must either be a resident of Oxford County or be attending a school in Oxford County. Residents of Oxford County who are attending school out of the county are eligible.

The Miss Oxford County contestants will be competing for over \$600 in prizes. Miss Oxford County will compete in the Miss Maine Pageant to be held in Portland this Spring. Miss Maine will represent her state at the Miss America Pageant at Atlantic City, N. J., in the fall.

The Week in Oxford County

Family leaders from Oxford County recently attended an all day training class. Dr. John Chantigny, University of Maine family life specialist, discussed plans for the Live and Learn II project.

It was announced that the high school and all elementary schools in Buckfield will close at 2:30 p. m. the remainder of the school year.

A public discussion of the articles in Rumford's town warrant, a question and answer period and an opportunity to meet the candidates for office was scheduled for Wednesday evening at the Municipal building.

The affair was planned by the Junior Chamber of Commerce.

David W. Gilmour, Erchles St., Rumford, retired from 49 years with the Oxford Paper Company. A party in his honor was attended by approximately 115. Guests included relatives, representatives of out of town sales and the New York office.

It was announced Tuesday afternoon that the Oxford County Fairgrounds will be available for the site of the proposed Oxford Hills High School.

SOUTH WOODSTOCK

— Mrs. Olive Davis, Cor. —
Union School Notes

Have we had fun this week! We have been making fancy woven baskets in both the sixth and third grades. They are beautiful. We have a few more to do this coming week in our spare time.

In the third grade we would report all hundreds in Spelling except for two. We are proud of that. We hope the other two will have better luck this next week and reap 100% too.

We are glad to welcome our janitor back again. Esther Davis has been in the South during January. Ellis Davis has been doing the janitor work during this time.

Lorraine Davis returned to her class, the sixth grade, Monday morning. Greetings, Lorraine.

Mr. and Mrs. Guyson Davis and Lorraine returned from Orlando, Fla., where they have been on a month's vacation.

The funeral of Herman Billings was held at the Andrews funeral home Saturday at 2 o'clock with Rev. Lindahl officiating. The Mason and Orange attended in a body. The Masons conducted their ceremony as part of the service.

Mr. and Mrs. Harlan Andrews entertained Mr. and Mrs. Lester Twitchell, South Paris, and Agnes Gray, West Paris, Wednesday and Wednesday evening.

Hilda Andrews is having a vacation from Farmington Teachers College and is visiting at North Quincy with her sister, Mrs. Norman Hill, and family.

Mr. and Mrs. Ormond Andrews have a rent being remodeled in the Parker Allen house. They expect to move in a few weeks.

Richard Jamison attended the dance at Otisfield Gore Saturday night.

Mr. and Mrs. Leslie Thurlow attended the going-away party at Bryant Pond for Sherwood Buck and family, who are moving to Arizona.

Mr. and Mrs. Ellis Davis attended the funeral of Herman Billings, Saturday afternoon.

GOULD ACADEMY

Bausch and Lomb Award
Ira Hubbard and Rafael Gutierrez have been named as the 1962 winners of the Bausch and Lomb Award at Gould Academy. This is an honorary science award given to the student, in this case two students, who displays evidence of superior scientific aptitude.

Headmaster Edmond J. Vachon of Gould said "These awards are especially significant. Today, everyone realizes the importance of the study of science in our secondary schools. The Bausch and Lomb Honorary Science Award provides appropriate recognition to senior students with the highest scholastic standing in science subjects."

The Science Award—a handsome bronze medal—is presented at graduation in more than 7500 schools. Since its introduction in 1933, there have been more than 154,000 winners. Surveys have revealed that more than 30% of the winners have been encouraged by the award to follow scientific careers.

The winners are eligible to compete for science scholarships sponsored by Bausch and Lomb, Inc., at the University of Rochester. Three or more scholarships are provided annually. Stipends are based on need and have total combined value of \$21,600.

Rafael Gutierrez is the son of Mr. and Mrs. Rafael S. Gutierrez of New York City, and Ira Hubbard is the son of Mr. and Mrs. Ira C. Hubbard, Sr., Palmar, Costa Rica.

GOULD SENIOR PLAY CAST READY TO GO

A fast moving comedy in three acts entitled "Ask Any Girl," adapted by Christopher Sergel from the book by Winifred Wolfe, has been selected by David Thompson as the eighteenth senior play he has directed at Gould. In its motion picture production it featured Shirley MacLaine and David Niven in the leading roles and was held over for weeks at the Radio City Music Hall as one of its most successful hits.

Rehearsals got underway this week and will be held at a fast tempo till production date, Friday, March 10. It is interesting to note that this will be the last dramatic production to be held in the William Bingham Gym, following only a few weeks after the very successful and entertaining three one-act plays produced and directed by Frank Vogt on January 27; construction work and remodeling of the gym floor, including a complete removal of the stage and all its facilities will precede the start on the new auditorium, complete information concerning which will be soon released.

A large cast of seventeen includes several town students who have appeared in previous Gould shows as well as a number of dorm boys and girls who have also "trode the boards" in skits and one-act

plays. Among local members of the cast are Tim Brooks, Elizabeth Waldron, Cheryl Douglass, Beth Brown, Carol Young, Margaret Nelson, Claudia DeMonte, and Sharon York. In the lead roles played by MacLaine and Niven are Wendy Tyson, new to Gould theatricals, and Gary Hill, seen in a number of Academy numbers, including a suave M. C. at Parents' Day activities and mature roles in past one-act plays.

From the boarding students, Dick Moody, known for character parts, Peg Davis, Debbie Appleton, Al Blunt, famous for his comedy sense, Steve Groves, Sharon Cole and Joan Austin round out the cast.

It is interesting to note that for the first time in Gould drama history, the Art Department under the direction of James Owen, music director, is constructing the sets, which promises to exceed in professional approach those used in past plays. Stage manager duties will be capably handled by Stan Howe.

All of the action takes place in the lounge of the Madison Avenue Hotel in New York City, and depicts the trials of a small town girl who

tries to break into the "advertising game," gets involved in a series of advertising agency testing - products - for - housewife-acceptance "gimmicks," falls in love with the agency prexy, goes through the comic twists and turns peculiar to all good farce comedies—and finally lands him for a trip to the altar. It is easy to see why it has been voted their favorite play by high schools all over the country, for it is clean, funny, witty, and furnishes high school thespians seventeen distinct and sharply differentiated characterizations.

Since this is one of the town's highlights during the academic year, it is expected that a packed house will greet this production when the curtain rises promptly at 8 on the evening of March 10.

CARD OF THANKS

With deepest gratitude we extend this word of thanks for the many kind acts of sympathy, the lovely flowers and cards, sent by our pupils, parents and friends. These kindnesses have meant much to us.

MRS. HIBLER TO SEEK REGISTER OF DEEDS NOMINATION

Mrs. Marie Hibler

Mrs. Marie L. Hibler of West Paris, is seeking the Republican nomination for the office of Register of Deeds, Eastern District of Oxford County.

Mrs. Hibler is the Treasurer, Tax Collector and Clerk of the Town of West Paris. She has served in these offices since the Town was organized January 1, 1958. She is a member of the Maine Municipal Tax Collectors Association and is Secretary-Treasurer of this organization. She is also a member of the Maine Town Clerks Association. She is a member of the West Paris Baptist Church and at present is Director of the Junior Choir and President of the Golden Rule Guild. As an active member of Onward Rebekah Lodge No. 29, she is a Past Noble Grand, Past Secretary and presently the Treasurer.

Mrs. Hibler has lived in West Paris for fifteen years where her husband Stanley owns and operates a garage with his brother, Edward. Mr. and Mrs. Hibler have two sons: Stanley, recently discharged from the United States Air Force after serving five years active duty. He is now associated with the General Electric Corp. in New York. Richard is attending Tool and Die Makers School of Pratt and Whitney Aircraft Corp. in Hartford, Conn.

GOVERNOR REED NAMES FEBRUARY HEART MONTH

Governor John H. Reed today proclaimed February to be Heart Month in the State of Maine.

The Governor signed the proclamation in the presence of L. Robert Porteous, Jr., Portland, State Heart Fund Campaign Chairman, and Maine Heart Girl of the Year, Marie Anita Fortin, Augusta, during a brief ceremony at the State House and called on all residents, schools, churches and organizations to support the drive against heart and circulatory diseases.

The 1962 Heart Fund Drive, conducted by the Maine Heart Association, opens today and will continue through Feb. 28. Heart month will reach its climax on Heart Sunday, Feb. 25, when volunteers will canvass their neighborhood for contributions.

Blonde, eight year old Marie Fortin was chosen Maine Heart Girl of the Year after undergoing surgery at the Maine Medical Center, Portland, in December for serious heart defects. The surgery included the opening of a heart partition and a pulmonary valve and finally the closing of a hole in the atrium of the heart. She returned to school Jan. 8 where she can now run and play like a normal child. She is no longer short of breath and last week went ice skating for the first time in her life.

The operation was performed by Dr. Emerson H. Drake, a Board member of the Maine Heart Association, and Dr. Peter Rand, a member of the heart research group at the Center cared for Marie after surgery. The Maine Heart Association heart pump was used during the operation which was one of the first of its type ever done in Maine.

Marie is the daughter of Mr. and Mrs. Gerard Fortin, Hicks Road, Augusta.

We should examine ourselves and learn what is the affection and purpose of the heart, for in this way only can we learn what we honestly are.

TODAY'S meditation

The Upper Room
THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Thursday, February 1
Read John 4:6-15

"The hour is coming, and now is, when the true worshippers will worship the Father in spirit and truth, for such the Father seeks to worship him." (John 4:23 RSV.)

When we were children on the farm, we frequently spent Sunday afternoons in the summer climbing the hills. By the time we thought we were high enough to risk drinking water from a stream, we scooped up a cool drink with our hands. Because we were thirsty, we did not miss the usual containers from which to drink.

Being thirsty and in the presence of pure water, did we stand looking at our hands, admiring them, discussing size and shape of palms, and length and taper of fingers? No, we washed them and drank of the fresh water.

In the story of the woman of Samaria, we read that she later left her water jar for the higher mission. Can we today worship the Father "in spirit and truth" unless we leave our water jars for the higher mission—worship of God and fellowship with one another?

PRAYER: Our Father, teach us that true worship is not achieved merely by gazing at our beautiful church structures or admiring the splendor of our hearts and humbleness of mind that we may worship Thee in spirit and in truth: through Christ our Lord. Amen.

Thought for the Day
The church is the fountain from which we drink the living water.

COUNTRY FLAVOR

Perhaps those who devised our calendar knew the psychological mood of February. It was a happy idea to make the second month the shortest of the twelve, for whatever the number of days, February would be a waiting month.

This is the drawbridge between the heart of winter and the first promise of spring. You cannot hurry a winter in the northland and it never rots in the sky. It often seems a long time until the second sheet is torn from the big calendar on the kitchen wall. It is the Lean Wolf period in the Indian's reckoning, and snow lies deep on fields and hills.

But there are signs that lift the heart. The sun climbs a higher arc and light fingers in the sky at sunset. While cold, white beauty shines on the hills, there are days when a warming breeze swings in from the south and water drips

from the roofs of farm buildings.

There is morning in Year's eyes now that we are through January. Seed catalogs are here and a man does good gardening in a comfortable chair. We are facing the light and one knows that it is a sign of a promise that has never failed.

Red and pink geraniums are blossoming in the kitchen's south windows and gardeners begin to think of planting tomato seed. Hens scratch in the chaff in front of the big barn doorway on sunny days and the cattle scratch long-hair sides against barnyard posts.

It is still winter and this is a waiting month. Man is impatient. Nature is infinitely patient. But the impatient heart knows that when time is fulfilled, the miracle of renewed life will bring green to the land. Faith is the only foundation of life, and faith is bolstered when the second month is here.

POTATO MARKETING REFERENDUM ANNOUNCED

A referendum to determine whether producers in Maine favor the issuance of proposed amendments to their potato marketing order will be held January 29 through February 6, both days inclusive, Frank Hagan, Oxford County Extension Agent, has announced.

The amendments would provide additional flexibility in the operation of the marketing order to meet current industry needs. Authority would be added to permit the issuance of regulations differently by markets and to require packages to be labeled with the grade and size they contain. Maturity, pack, and shipments to chippers are further defined by the proposed amendments. The procedure to be used in financing committee operation

HERMAN E. BILLINGS

Herman E. Billings of Bryant Pond died at his home last Thursday after a long illness.

Born at Woodstock, in the Billings Hill district, Oct. 23, 1879, he was the son of Emerson and Anna Russell Billings. He was educated in local schools and married Bessie Bryant, Dec. 23, 1901.

Mr. Billings had been engaged in farming, was a lumberman, and operated a roadside stand and filling station during the summer months. He retired from active farming in May, 1947, and his farm was taken over by his son-in-law, LaForest Twitchell. Mr. and Mrs. Billings continued to live at the farm and he still operated his lumbering business and filling station.

Mr. Billings was an artist, sportsman and outdoorsman; and had a miniature museum filled with stuffed animals of all kinds in a room adjoining his filling station. He had served on the school board for three years and was a life member of Franklin Grange and Jefferson Lodge, F. and A. M. He played right field on the Bryant Pond-West Paris Oxford County Championship team during the early 1900's.

He is survived by his widow, Bessie B. Billings; a son, Roydon, principal of Old Town Junior High School; two daughters, Mrs. Dorothy Hooper, teacher at the Kaler School, South Portland, Mrs. Eva Twitchell, RN, Bryant Pond, and three grandchildren. Funeral services were held Saturday afternoon at the Andrews funeral home, Rev. Gunnar Lindahl officiating. Masonic services were conducted by Jefferson Lodge.

MT. ABRAM SKI SLOPES

Skiing conditions at Mt. Abram Ski Slopes are good to excellent with 6" powder over a 14 to 20" base. Skating conditions are excellent.

Huge crowds were on hand to enjoy top notch skiing conditions at Mt. Abram over the week end. Comments rolled in considering the conditions as the "best in the east." Undoubtedly the efforts of the Cross Bros. to serve the public well certainly paid off. With no claim to any special talent except "hard work and common sense" the Brothers Three are doing it again this season; that is, making Mt. Abram the place for "friendly family fun."

Bates College Outing Club returned again this year to enjoy skiing and skating. Over one hundred students arrived at Mt. Abram on Friday by buses and private cars, to spend the day. John Allen, amateur ski instructor from Bates College, returned also on Saturday and Sunday with several other skiers. Allen, who has skied all the major slopes in the east, felt that the Cross Bros. have nice engineered trails which are wide and well groomed to lessen the danger of accidents.

Harold Brown, ski coach for Oxford Hills High School, announced Saturday that he plans to bring his own ski team up to Mt. Abram on Tuesdays and Thursdays of each week.

New Arthritis Test Developed
By March of Dimes Research

A new and sensitive blood test for diagnosing rheumatoid arthritis in children was one of the medical achievements of 1961 highlighted by The National Foundation in a year-end review of progress by March of Dimes-supported scientists.

The report, by Dr. Thomas M. Rivers, vice president for medical affairs of The Foundation, cited accomplishments related to birth defects, virus diseases, polio and genetics as well as arthritis.

Dr. Rivers also noted that 1961 will be memorable because of the licensing by the U.S. Government of two of the three component types of Sabin polio vaccine which, like the Salk killed-virus vaccine, was developed with money given to the March of Dimes.

The new arthritis test was developed by Dr. Morris Ziff and his research associates at the University of Texas Southwestern Medical School in Dallas. In their studies, the test proved positive in 78 per cent of children with rheumatoid arthritis. By contrast, other tests currently in use seldom pinpoint the disease in more than 20 per cent of youngsters known to have it, according to Dr. Rivers.

Dr. Rivers pointed out that few people realize how very serious rheumatoid arthritis can be in children, or how common it is among them. It is estimated that there are about 30,000 children under 15 in the U.S. who have it, many of whom are severely crippled, he said.

It is also suspected many other youngsters may have the disease, with perhaps only minor or vague pains and no clear-cut symptoms to label arthritis as the culprit.

The arthritis test, which is particularly sensitive in detecting an unusual blood factor frequently found in persons with rheumatoid arthritis, may fill its greatest role in uncovering undiagnosed rheumatic disease in children.

This could be vitally important, because the earlier diagnosis is made and treatment started, the better the chances for prevention of disability in young victims of the disease.

A second scientific achievement highlighted in The Foundation's year-end review was a special field study which disclosed that a great many birth defects are not detectable in early life but may remain hidden until infants reach the age of one or two.

This report was made by a research team headed by Dr. Frank R. Lock of the Bowman Gray School of Medicine, Winston-Salem, N.C.

Among the other developments singled out in the March of Dimes research progress report were the following:

1. Dr. Joseph L. Melnick of Baylor University has come up with two chemical discoveries that promise major improvements in the manufacture of oral polio vaccines. It had previously been necessary to keep

ment started, the better the chances for prevention of disability in young victims of the disease.

2. A new radioactive method of detecting how viruses are formed inside cells was reported by Dr. Councilman Morgan and associates at Columbia University. Another group of workers at the University of Michigan described similar results with techniques involving use of fluorescent materials.

3. Additional evidence that one of the intestinal viruses may also cause an infectious heart disease, sometimes fatal in infants, has been obtained by Dr. George Dempster and colleagues at the University of Saskatchewan.

freshments of cake and ice cream were enjoyed after which the group adjourned to the bowling alley for the entertainment. Those receiving prizes for high score were Carol Olson, Mary Jo Clemons, Vicky Brown, Darlene Merrill, Gretchen Dock.
